RISE Release 2.11.1

February 3, 2023

Release Description

RISE Release 2.11.1 is a patch release. It addresses one issue with the RISE website that caused plots on the time series query page to not generate in the Firefox browser.

Issues Addressed in this Release

RISE Website (publicly accessible)

Issue #	Issue Title	Issue Resolution
1015	Time Series Plots are Not Showing Up in the Firefox Browser	In the 2.11.0 release, a change was made to time series plotting that caused plots to not generate in the Firefox browser. The issue has been resolved and plots now generate in the Firefox browser.
